**LYMPHOMA
COALITION** 

The Global Patient Survey on Lymphomas & CLL

Week Ten Update

As we wrap up the **tenth and final week** of the 2024 Global Patient Survey on Lymphomas & CLL being in field, a total of **8,990** responses have been collected.

The survey will remain open for two extra days, officially closing on **Monday, 15 April at 9:00 AM BST.**

Currently, there are **5,075** partially-completed surveys and with only a couple days left, we want to encourage everyone to do **ONE FINAL PUSH!** Please remind patients and caregivers in your region, that if they use the same browser and have cookies enabled, their responses to date will have been saved and they can pick up where they left off and complete the survey.

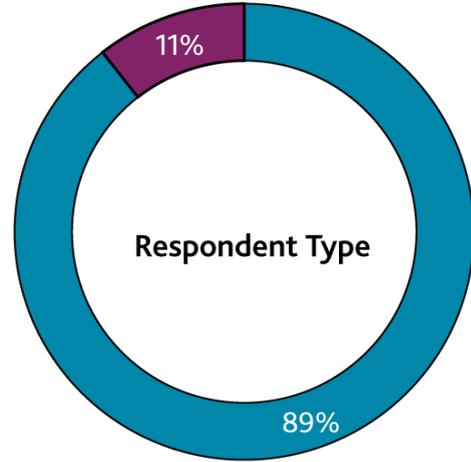

Lastly, in the [toolkit](#), there is a final reminder template email as well as a final social media post. Please share these now, so more participant perspectives can be collected up until the very last moment!

Reminder: The survey will now close on Monday, 15 April 2024 at 9:00 AM BST.

Here is the link directly to the survey, so you can continue easily sharing it:

Survey Responses: By Subtypes

The following **9 subtypes** shown in the graph have surpassed 100 respondents and will have a subtype report.

Thank you for the incredible efforts put forth to help promote the 2024 Global Patient Survey over these last 10 weeks, none of this would have been possible without your ongoing support.

Working together, we will ensure the voices of patients and caregivers are heard and that they continue to have an impact by helping shape the global lymphoma landscape.

With deepest thanks,

Lymphoma Coalition Team
