**LYMPHOMA
COALITION**

The Global Patient Survey

on Lymphomas & CLL

Week Eight Update

As we wrap up the **eighth week** of the 2024 Global Patient Survey on Lymphomas & CLL being in field, we now have a total of **7,745 responses**.

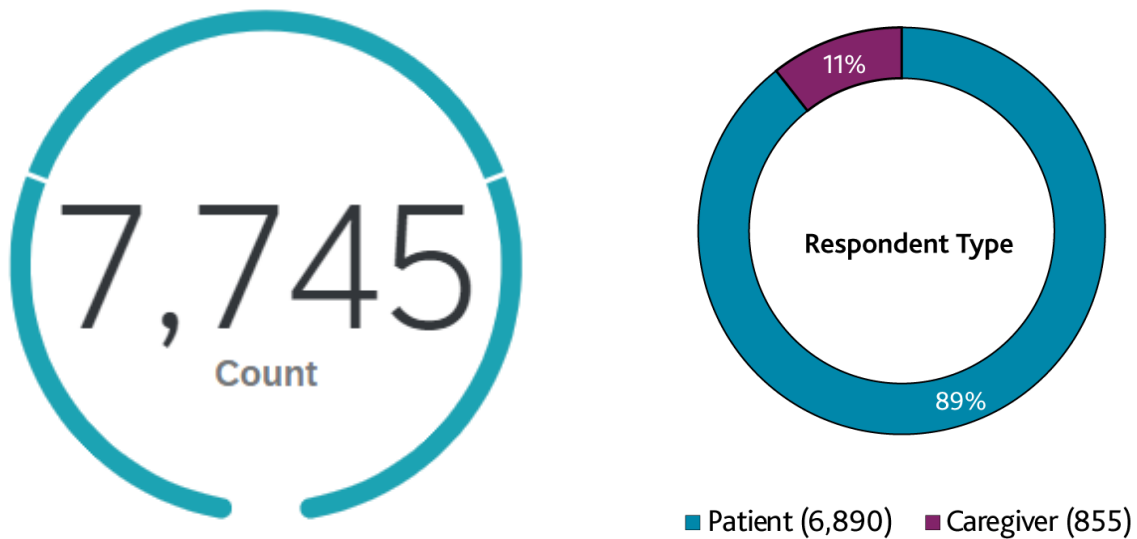

With only a few more weeks to go, we want to keep up the momentum and encourage everyone to continue working together to promote the survey! Every response we get is a voice of someone we need to hear.

The survey will remain open for two more weeks and will close on Friday, 12 April.

Let's keep pushing, keep sharing, and keep advocating so more participant perspectives can be collected up until 12 April 2024!

Here is the link directly to the survey, so you can continue easily sharing it:

Below is a breakdown of the **7,745** survey responses by respondent type.

Keep Sharing!

- Continue using the [toolkit materials](#) to help share the news about the survey with your communities and encourage them to take the time to complete the survey.

If you have any additional translation requests for the infographics or have questions at all about the materials or need help with your username and password, please contact: marketing@lymphomacoalition.org.

Congratulations to the following **18 regions** who have **100+ patient respondents** and will be receiving a country report:

- France
- United Kingdom of Great Britain and Northern Ireland
- United States of America
- Canada
- Australia
- China
- Netherlands
- Belgium

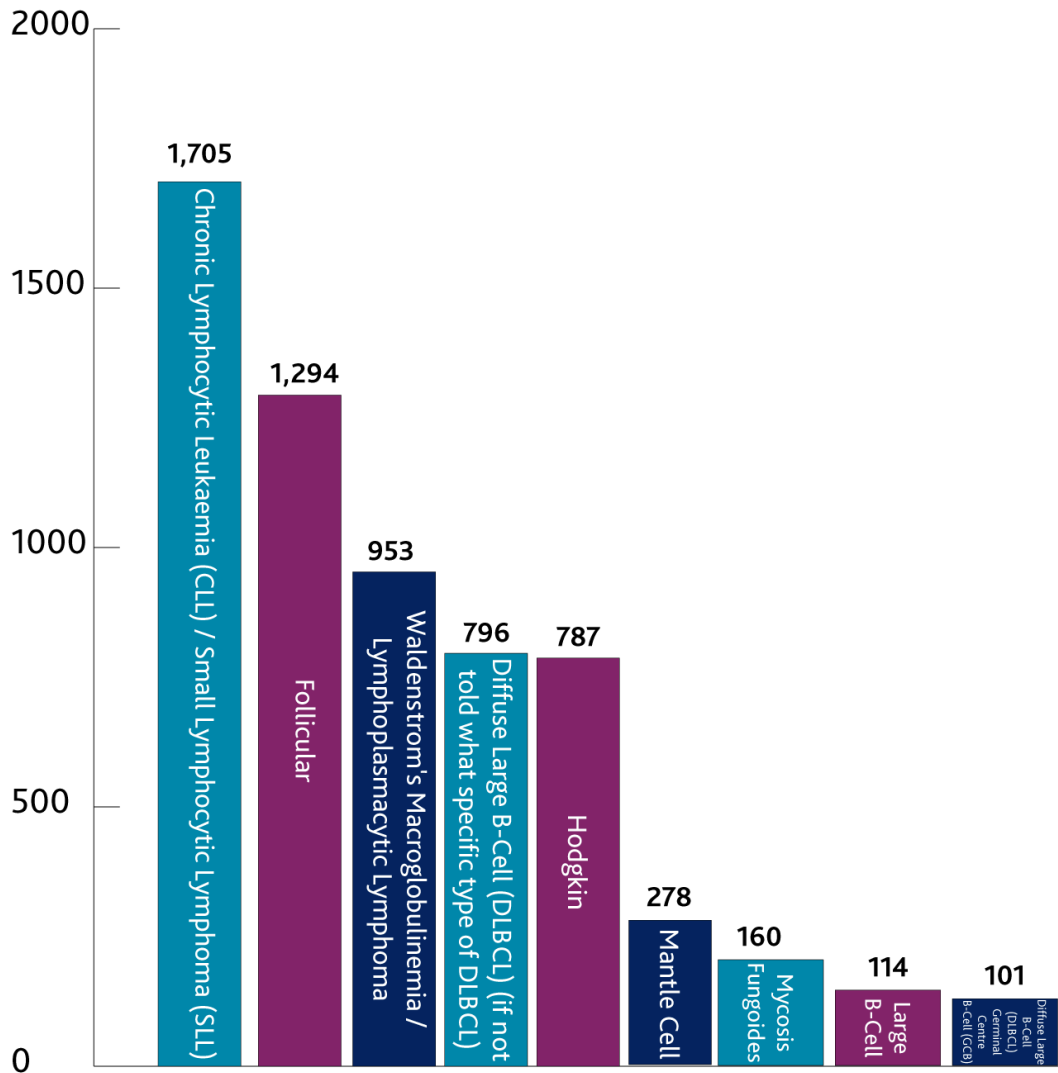

- Italy
- Israel
- Bulgaria
- South Korea
- Switzerland
- Portugal
- Slovakia
- Ireland
- Serbia
- Germany

The country report will highlight the findings, which can be used for local planning to help ensure activities align with patients' needs, as well as advocacy efforts. In addition, Lymphoma Coalition can support your organisation with data needed for therapy approvals.

Currently, there are **4,492** partially-completed surveys. An encouraging reminder that if respondents use the same browser and have cookies enabled, responses to date will have been saved and they can pick up where they left off and complete the survey.

Survey Responses: By Subtypes

The following **9 subtypes** shown in the graph have surpassed 100 respondents and will have a subtype report.

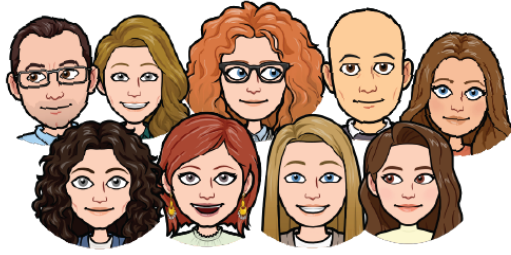

Friendly Reminders:

1. Host the information on your website.
2. Send an email to your membership, sponsors and other partners encouraging them to take the survey and pass the message along!
3. Share with your followers on social media.

As many of you are aware, our goal is to truly understand the current voices and values of adult patients and caregivers and to do this we need to hear from as many people as possible from around the world. This will ensure those impacted by lymphoma and CLL are accurately represented in the work we do moving forward, to improve care across the globe.

With deepest thanks,

Lymphoma Coalition Team
